Bridging the Gaps between Providers and Users of Climate Change Information

ClimaSouth Regional Seminar on April 28-30, 2014, Lecce, Italy

AGRICONSULTING Consortium with - Agrer- Typsa - CMCC - Pescares - IAM.B - D'Appollonia - Sviluppo Global

Working Group 1:

**Emerging/New Opportunities for
Climate Services** (including e.g.,
tourism, health...)

Working Group 2:

**Climate Services for Agriculture and
Water**

EACH WORKING GROUP TO ASSESS:

- What are the most important gaps?
- For each gap, what actions may improve the situation

The gaps you identify may be at different levels in the chain, e.g.,

- data to product;
- product to user;
- science to product provider;
- missing product design

Cross-cutting issues for each group to address:

- (a) Gaps in producer-user interaction (by addressing this, to what extent, and in what ways, can this be expected to help?)
- (b) Gaps associated with data to underpin climate services (gaps in data existence, gaps in data provision, gaps due to lack of analysis of merging/interpolating data etc)

DAY 3 : PROPOSED WORKING GROUPS FOR GAPS DISCUSSION

GROUP 1: Main Lecture Hall : Facilitator: Yadh Labbene

GROUP 2: Small room: Facilitator: Neil Ward

GROUP 1 : Emerging Services	GROUP 2 : Agriculture, Water
BOUCHERF Djamel	HAMINID Houssam Eddine
BELKACEM Mahmoudi	ABDRABOU Mohamed
SHEHATA Engy	REISER Hadas
EYAL Michael	RAFID Raed
ABDEL-MENEM Al-Gralih	ELCHAAR Ali
EL KHODARI Rial el Solh	SEBBARI Rachid
DRIOUECH Fatima	ABUBAKER Mohammed
KATBEHBADER Nedal	NMIRI Adelwaheb
SHILI Hedi	KHAMMARI Lotfi
	JOMAA Ihab
