

# Jordan Progress on INDCs

On behalf of

Federal Ministry for the  
Environment, Nature Conservation  
and Nuclear Safety

of the Federal Republic of Germany

Wafa Daibes  
Ministry of Environment  
Morocco  
May 2015

# Key Steps In Preparation Process

- ▶ **Stakeholders Awareness (National Climate Change Committee)**
- ▶ **Technical Preparation (GIZ)**
- ▶ **Dedicated Focused Stakeholders Involvement**
- ▶ **Stakeholders Validation Workshop**
- ▶ **High Level Engagement (Endorsement)**
- ▶ **Submission**

# Technical Preparation

- ▶ **Assemble Available Information**
- ▶ **Develop A Plan**
- ▶ **Decide On Design Option**
- ▶ **Sell The INDC To Senior Officials**
- ▶ **Decide How To Package Our INDC**

## **Build On What Is Already Available!**

- ▶ **Climate change policy, economic development strategies and plans, energy action plan and strategies, national energy annual reports transportation plans and strategy, water strategy and plans, agriculture strategy and plans, electricity plans, latest national GHG inventory and national communication.**
- ▶ **Projected future emissions under a business-as-usual scenario and mitigation scenario**
- ▶ **Current mitigation activities**
- ▶ **Comprehensive revision of all INDC-relevant climate change decisions, draft negotiation texts, process guidance lines, etc**

## Develop A Plan And Schedule For The INDC

		Sept-Jan 2014	Jan – March 2015	April –June 2015	July – August 2015
<b>Initiation of Technical Process</b>	Top down analysis				
	Bottom up analysis				
	Consultation with experts on methodological aspects and design				
<b>INDC deliverables</b>	Preliminary versions of INDC (3 drafts)				
	Presentation of INDC before members of JNCCC before submission to UNFCCC				
	Final version to Paris Agreement				
<b>Participatory process</b>	Communication strategy for the contribution				
<b>Decision making at the political level</b>	Senior inter-ministerial meeting at the highest level (ministers) to finally approve the INDC				
<b>INDC Submission</b>					

# Decide On Key Design Options

- ▶ **Choose sectors and gases**
- ▶ **Choose actions and/or outcomes**
- ▶ **Choose timeframe**

# Selling The INDC To Senior Officials

- ▶ **Develop ‘champions’ in other ministries ..keep them informed**
- ▶ **Connect results to the national economic goals and priorities**
- ▶ **Emphasize other national benefits**
- ▶ **Create a perception of fairness among stakeholders**
- ▶ **Be ready to answer senior official’s questions**

# How To Package INDC

- ▶ **Respond to the 1CP.19 and 1CP.20**
- ▶ **Provide more elaborated text as suggested in the WRI/UNDP guidance and by other check lists and processes underway**
- ▶ **Link to additional/backup information**
- ▶ **Will be available on ministry website for further feedback (NGOs, Private Sector, and the general public)**

# Jordan's INDCs

- ▶ **Jordan proposed its INDC in the categories no. III & IV based on perspectives of INDC Guidelines.**
  - I. National long-term emissions goal**
  - II. National short-term emissions target**
  - III. Energy/sectoral targets**
  - IV. Highlighted policies and projects**

Thank You

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the frame, creating a modern, layered effect against the white background.
